

## Guided Tour Theme: Storytelling

### Grade 5-8

Artists have long employed their craft as a means of storytelling, conveying complex emotions, ideas, and experiences through visual mediums. Dig into the stories depicted within the artwork at Cameron Art Museum. This thematic visit includes brainstorming, and visual decoding of the artwork on view to build out a story being communicated to the audience. Students will employ their critical thinking skills to build off observations and construct a visual narrative. Generative dialogues will be organically orchestrated to develop visual literacy and vocabulary skills.
